

Security Systems & Procedures

This programme is aimed at up-skilling security officers with 3 years or more experience within the industry to a FETAC Level 5 qualification.

It is also an introductory level to supervisory management.

Successful completion of all elements of this programme enables security officers to become more specialised in their chosen field and fine tune their skills and abilities within this area.

Who Will Benefit?

Existing security officers in the industry and those wishing to study towards a Supervisory position.

Entry Requirements

Learners wishing to do this course, should hold at least a level 4 certificate, leaving Certificate or equivalent Qualifications and/or relevant life / work experiences
